■ EMPLOYMENT HISTORY

IT support at Duracell inc., Aarschot

July 2019 – July 2019

Throughout July, I got the chance to work as an intern at Duracell. Here I gained insight into the IT business world.

Cashier at Carrefour, Westerlo

July 2017 – July 2017

Two months holiday is a lot. So, I try to get some work in and save up a little bit more. From the money I save I can provide more for myself and learn not to rely on my parents.

Every sunday I work in a snackbar. Learning to cope with stress is a good skill to have getting in to the cybersecurity field.

■ PROFILE

Personality

I try to aim as high as possible. I see myself as a very confident male and I believe in my capabilities. I'm very eager to learn more. I think you can't learn enough.

I'm very outspoken and always happy. When I can't find a solution I'll keep trying until it's done. I'm a teamplayer but I'm also capable of working stuff out by myself. I'll try to help where ever I can.

Objective

My interest in IT is very big. So, I believe I can grow in the IT-industry and that is what I hope to do. I've got a big passion for Blue Teaming. For the moment I'm trying to study as much as possible in the Blue Teaming field.
